## Irrigation Meeting.

Will be held in Bow Island Feb. 22.--Everyone in-  
terested in irrigating this district is invited  
to attend.

In connection with the meet-  
ings being held in various parts  
of Southern Alberta having  
for their object the irrigation  
of certain districts, a committee  
consisting of Messrs. R. S.  
Beattie and A. Rolfe (president  
and secretary of the Bow Island  
Board of Trade), Mayor Reid,  
E. C. Ludtke, W. P. Cotton, F.  
J. Henderson and H. K. Beattie  
interviewed F. H. Peters, com-  
missioner of irrigation, at Bur-  
dett last week with the idea of  
holding a meeting at Bow Is-  
land. Mr. Peters, after explain-  
ing the irrigation scheme which  
the Dominion government was  
now considering, stated it was  
the purpose of these meetings  
to arouse interest on the part  
of the farmers and by securing  
their co-operation to bring  
pressure to bear upon the Do-  
minion government to com-  
mence operations as soon as  
practicable.

The irrigation scheme, Mr.  
Peters said, embraced a large  
portion of the district to the  
west and south of Bow Island  
and he thought it advisable to  
hold a meeting in order that  
the whole scheme may be more  
fully explained to those inter-  
ested.

The meeting to be held in  
Bow Island on the 22nd inst.  
will be addressed by F. H. Pe-  
ters, commissioner of irrigation;  
W. H. Faircliff, supt. of the ex-  
perimental farm at Lethbridge;  
Walter Huckvale, president of  
Western Canada Irrigation  
Congress; and Don Back, of

the Department of Natural Re-  
sources, C.P.R.

All the above speakers are  
well known in Alberta and can  
be relied upon to give interest-  
ing addresses.

The importance of irrigation  
to this district is, we believe,  
thoroughly realized, and the  
certainty of obtaining mois-  
ture by irrigation is such a big  
attraction and opens up such  
immense possibilities that this  
meeting should draw a large  
attendance from the surround-  
ing district.

Burdett, Grassy Lake and  
Winnifred are each expected to  
send big delegations. The U.F.A.,  
everywhere should also be in-  
terested in the movement--  
for every member is vitally  
affected.

What irrigation has done for  
the country lying west of us it  
can do equally as well for us  
here, and if this big scheme can  
only be got under way the  
prosperity of the whole coun-  
try is assured.

What the cost will be to the  
farmers can only just now be  
conjectured, but this and other  
matters will be explained and  
can be fully discussed at the  
meeting. What really matters  
active present moment is the  
necessity and importance of  
impressing upon every farmer  
the advisability of being in  
Bow Island on the 22nd. Every-  
one will then get his informa-  
tion at first hand and be able  
to form his own opinion.

## Walter Van Horne Succumbs to Burns

What has since proved to be a fatal  
accident took place last Thursday  
evening, when Messrs. Walter and  
Chas. Van Horne of Lethbridge were  
trying to make the grade coming up  
from the river, near Bow Island  
in their auto. They stopped to ad-  
just something else they tried the  
grade and gasoline ran on Walter  
Van Horne's clothing. Not seeing  
very well he struck a match, with the  
result that the gasoline on his cloth-  
ing ignited. The fire burnt through  
his clothes badly burning his hands,  
arms and side. His brother, while  
trying to pull off the burning clothing  
was also badly burned.

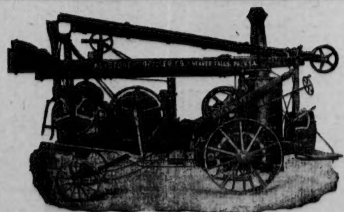

They had to walk about a mile to  
get assistance. Walter was then  
rushed to the Medicine Hat Hospital  
for treatment. He died there on Sun-  
day morning at 3.30. Mrs. Van Horne  
was present with him at the last.

The late Walter E. Van Horne was  
34 years of age, and came to Leth-  
bridge 10 years ago last fall from  
Kingston, which was the family home.  
He was interested with his brother in  
the cottage business and in farming,  
and only a couple of years ago took  
over with his brother George, the City  
Cottage Co., while his brother Charles  
interested himself solely in the farm  
northwest of the city.

Besides his widow and little son,  
Murray, residing at 820 11th St. south,  
Lethbridge, four brothers and two sis-  
ters survive, Mrs. A. Grace of Clare-  
holm, Mrs. John Ashley, Kingston,  
Donald of Clarendon, Wilfred of  
Monitor, Charles and George of Leth-  
bridge.

The funeral of the late Walter E.  
Van Horne took place Thursday af-  
ternoon from the family residence in  
Lethbridge.

The late Mr. Van Horne was a mem-  
ber of the Oddfellows and Masonic  
orders and the Masons were in charge  
of the service at the cemetery.

## 2/3 OF YOUR MATCH MONEY GOES TO THE GOVERNMENT

The tax on matches amounts to more than the cost of the matches themselves. As a matter of fact, two-thirds of your match money goes to the Government, and one third goes to pay for the material, the labor and the handling of the matches. And the tax is the same whether you get good matches or poor ones. When you

## EDITORIAL

### A Real Test of Patriotism

Reconstruction is becoming a hackneyed word in the vocabulary of all people thus early after the close of the Great War. It is becoming as much a commonplace in our daily conversation and writing as was the phrase used so frequently during the war. "This old world can never be the same again." The truth of the latter saying is being impressed upon all people more and more clearly as the days pass, bringing with them a record of world upheaval in every department of life. And the word "reconstruction" merely stands for these new ideas, methods, and policies whereby the old world which existed prior to August, 1914, is to be changed for the better into a new world having its birth in the terrible calamity of the past four and a half years.

The world is confronted with a reconstruction of its social, religious, political, educational, economic and commercial life. Western Canada, cannot even if it would, stand aloof and immune in this world-wide period of change. Our very habits of thought have undergone a revolution, and formerly held opinions have been uprooted, strong prejudices have been weakened and old prejudices destroyed. We are already living in a new world.

Is this new world to be a better, finer one than the old? We'll hope so, but it remains with us as individuals, and collectively as a nation, to bring about the realization of that hope. At the moment old customs, systems and policies are in the melting pot; the old order of the day is being shattered; the fiery furnace of a great social revolution which is sweeping the world with irresistible force. The danger is that in turning away from the dust of the past we may fail to extract the pure gold of sound principles and the wisdom of the ages. With the swing of the pendulum from the elder autocracy of the past to the new democracy of the future,

## Paints Gloomy Future

Berlin. — The Weimar correspondent of the Lokai Anzeiger reports that Prussian Minister of Finance Siebeck, in the course of a discussion with the financial ministers of the federated states, painted an extremely gloomy economic future for Germany.

Her Siebeck is reported to have said that Germany would be obliged to have assistance that a state of bankruptcy would be compelled to give up the major share of its income to the state, being permitted to retain only enough to cover most urgent needs.

## German Army Still Strong

Eighteen Divisions Concentrated on West Front

LONDON. — British newspapers of all shades of opinion are devoting serious attention to the attitude adopted by the German government toward the armistice conditions. The Daily News Paris correspondent sends a despatch from authoritative sources on the subject in which he says his informant told him that he had the best reason to believe that Germany is not continuing to demobilize.

"She has concentrated more than eighteen divisions under von Hindenburg on the West front," the correspondent says in his information as saying.

The Canadian Iron Corporation will in the near future alter and extend their plant at Port William at a cost of \$12,000, estimated.

## LINGERING WEAKNESS FOLLOWING DISUSE

Banished by the Wonderful Tonic Powers of Dr. Williams' Pink Pills

In almost every case the victims of grippe, influenza, fever, or contagious trouble, left weak, ailing and dependent after the disease it has passed. Strengthening and restoring the blood to its normal condition is the only way to reach strength as they ought, and this is the purpose of Dr. Williams' Pink Pills.

The one and only reason for this is that the blood has been impoverished by the ravage of the illness through which the victim has passed. Strengthening and restoring the blood to its normal condition is the only way to reach strength as they ought, and this is the purpose of Dr. Williams' Pink Pills.

Rich red blood is the whole secret of good health, and from the first you can see Dr. Williams' Pink Pills enrich and purify the blood. You can see this by the color of the urine, and by the color of the skin.

Headquarters Should Be at Winnipeg Rather Than Ottawa

The remnants of a big program of business was cleaned up at the annual convention of the Western Live Stock Union held at Regina for the first time since the inception of the organization, five years ago. The presidency has changed hands. Dr. J. G. Rutherford having declared it was impossible for him to occupy the chair for another year, he has been hoisted to the position of honorary president, his successor in the chair being Dr. T. J. McMillan.

## Germany's Future

Must Re-establish Monarchy Says Prince Henry

LONDON. — The Hamburg Nachrichten which recently in a series of articles has been dealing with Germany's future, wrote to Prince Henry of Prussia, brother of former Emperor William, in order to ascertain his views on the subject.

Prince Henry replied according to the Nachrichten, that Germany, in contrast to each future goal, must re-establish her monarchy and her economic life on the pre-war basis. The empire, he added, should be placed again under the old dynasty and under the leadership of Prussia, while the "costly parasitic workmen" and soldiers' councils should be speedily abolished. He also advocated the formation of well-disciplined land and sea forces. "In the old style," and representation of Jewish influence in commerce, industry and politics.

The events last November distinctly showed, said Prince Henry, that a return to the monarchy was the first condition to Germany becoming a strong and healthy nation. "Then," he concluded, "will the old song, 'Deutschland' become true."

## Increase Staff of School Nurses

The Saskatchewan government's experiment in organizing a health service, one of the branches of the department of education for the purpose of supervising the health of the province's public schools of the province has proved, such a success that it is the intention of the government to increase the staff of school nurses from three to ten this year.

Immigration Into the West. Winnipeg, Man. — Although the immigration figures for the first nine months of 1919 show a marked decrease as compared with the same months last year, there is an indication that the immigrants are of a wealthier class than usual. The immigration department issued a statement to the effect that the immigrants who arrived at western ports during January, 1918, were 1,871. In January, 1919, there were 17 cases of effects as compared with 35 last year.

## Good Cheer.

The dance at the school house the night of the 12th was a decided success. A very large crowd was in attendance, music was furnished by Mr. J. Smith of Bow Island and Mr. S. V. Aaron of Riverton, S. D., and a good time was enjoyed by all.

There was an error in our last item in regard to the school election. The trustees elected were: Mr. Godfrey Johnson, P. E. Peterson and Iven Peterson. After the election the board convened and elected Mr. Johnson, chairman of the board and Mrs. Peters, Sec. Treas. The Board held another meeting at the house of the Sec. Treas. last Monday evening.

Mr. and Mrs. W. Perry of Burdett accompanied by Miss Ruth Livingston and Miss Ethel Ring were the guests of Mr. and Mrs. O. A. Lindquist last week and took in the dance on Wednesday night.

Mr. A. E. Adair is reported on the sick list.

Several from this vicinity attended the sale at Mr. Rosenbeck's Wednesday.

Mr. Little and family visited at Mr. Lindquist's Saturday.

Mr. Hobbs has been busy unloading a car of hay he received at Winnipeg.

Ray Lyons received a letter from his son Milton last week in which was enclosed some ribbons from an iron cross which some German apparently had no use for. Milton is in the 21st Canadian Siege Battery and will probably soon be home.

Mrs. S. W. Fletcher arrived home last week from Medicine Hat with a fine big bay pony.

Ray Lyons received a letter from his son Milton last week in which was enclosed some ribbons from an iron cross which some German apparently had no use for. Milton is in the 21st Canadian Siege Battery and will probably soon be home.

Mrs. G. A. Pood entertained last Thursday in honor of her son and daughter-in-law. A large number were present and everyone reports a very enjoyable time. Music, cards and dancing were freely indulged in and furnished a good time for everyone.

Mrs. O. A. Pood entertained last Thursday in honor of her son and daughter-in-law. A large number were present and everyone reports a very enjoyable time. Music, cards and dancing were freely indulged in and furnished a good time for everyone.

Mrs. A. H. Rygg entertained a number of friends on Wednesday evening and a very pleasant time was had with cards, music, etc.

W. L. Elliott, our former and much lamented courier agent, spent Sunday night with Mr. C. T. Mackinnon.

Mrs. A. W. Fletcher returned on Tuesday night from a visit to Magrath.

Mrs. and Mrs. W. D. Anderson are writing friends from Seattle to the effect that they have been travelling since December 2nd, and are now located in Seattle. On March 1st they expect to leave for Vancouver where they will remain for a month or so previous to returning home.

Mr. A. W. Fletcher was on a business visit to Medicine Hat, this week.

Louie Porterhouse was called on Tuesday to Magrath, Manitoba, by the serious illness of his youngest sister.

A cartload of agricultural machinery arrived last week for the Burdett Mercantile Co. Another is expected within the next few days.

## Allies Reserve Right To Suspend New Terms

Paris. — The supreme war council has decided, says a Havas report, that the armistice with Germany will be renewed on Feb. 17 for a very brief period, with the allies reserving the right to suspend it at any time in event of Germany's failure to carry out new clauses of the peace preliminaries not been executed. It is said the terms will provide that the Germans must cease hostilities against the Poles and maintain their forces within fixed limits.

During the brief period of the renewed armistice a special commission will definitely draft the conditions of an armistice which will last till the signature of the peace preliminaries. These conditions which the supreme war council is reported to have approved in a rough form have in view, it is said, the demoralization of the German army and the disarmament of the enemy under the supervision of the allies. It is stated that it is understood, will be communicated to Germany so that the national assembly at Weimar will have time to deliberate upon them until the provision armistice expires.

Marshal Foch will interview Premier Clemenceau at Paris and will begin drafting the armistice provisions which the supreme war council will probably examine.

It is reported that M. Clemenceau made an impressive speech at the sitting of the council, showing the necessity of taking all desirable precautions against Germany.

President Wilson is declared to have adopted the same viewpoint, affirming that all the allies were agreed on that point, and that divergences which cropped up during previous discussions were solely on the most suitable methods of obtaining the necessary guarantees.

President Wilson, according to the report, is understood to have declared that in conversation, that a resumption of hostilities was a grave eventuality to which he would agree only on the most absolutely essential considerations and not for any secondary motives. The report states that in Mr. Wilson's opinion, the non-execution of terms of the armistice by Germany would be an incident of such a nature to justify the resumption of war, and it is said that he will not hesitate, in that case, to order the American army to take up arms again.

Paris. — King Alfonso of Spain, has definitely decided to visit South America, according to the Gaudis. He will go to Buenos Ayres, Montevideo and Rio de Janeiro, it is said, but the date of the voyage has not yet been fixed.

### Will Sell Land

Edmonton. — About 100 acres of land in different parts of the province have been received by the Alberta office of the soldier settlement board from private owners who are willing to sell under the new law. The land, now pending. They are for various sized parcels, ranging from one-quarter section to a block of 2,000 acres and the prices quoted run from \$5 to \$30 per acre. The list of properties so offered will be placed before Commissioner Maher, chairman of the settlement board, and Major Store, director of lands for the west, both of whom are expected here in the course of the next few days.

### Will Not Use Military Force

League Has Not Decided to Form International Army

Paris. — Lord Robert Cecil, the British representative on the league of nations commission, denied the report spread in Paris that the league of nations commission had decided the creation of an international army that the United States and Great Britain had conceded the point to France.

Lord Robert Cecil said that in his opinion the commission would decline, moreover, to approve any such plan. He added that such a report must have originated from an enemy of the peace conference.

It's what a woman doesn't know that counts, that comes her to have a good opinion of him.

## Intervention in Russia Appears Now Impossible

London. — Premier Lloyd George spoke again on the general position of the war. The occasion was brought about by the Capt. Hon. Rupert Buxton, Unionist, asking whether the premier was prepared to press to the limit, repatriation from Germany and also to make Germany pay to the allies, no proper loss has been intended to with more superstitious respect than President Wilson.

"We have had far too much of the particular panacea which America is supporting at the conference," said Captain Guinness. "Since the day of Malton, no proper loss has been intended to with more superstitious respect than President Wilson."

The premier, according to the report, is understood to have declared that in conversation, that a resumption of hostilities was a grave eventuality to which he would agree only on the most absolutely essential considerations and not for any secondary motives. The report states that in Mr. Wilson's opinion, the non-execution of terms of the armistice by Germany would be an incident of such a nature to justify the resumption of war, and it is said that he will not hesitate, in that case, to order the American army to take up arms again.

## Wanted to Rule World

Russian Bolsheviks Had No Sympathy With German Government

Washington. Russian Bolsheviks are opposed to any of the old established governments and seek to extend their own to the whole world, Dr. V. W. Huntington told the Owen committee of the senate. Huntington was in Russia as United States commercial attaché from 1916 to 1918.

Huntington said that while the Bolshevik leaders accepted German money and were traitors to Russia and the allies, that they had no more sympathy with Germany's government than with any other.

"They were perfectly willing to take German money to gain their end," he explained, "they were traitors to the allies, but they did not want Germany to win. Germany used them as a military instrument, and when she gained her ends she was willing to extend her hand and send them to the western front."

Germany used them as a military instrument, and when she gained her ends she was willing to extend her hand and send them to the western front."

The Bolsheviks, the premier asserted, were anxious, particularly the crimes laid to their charge. The allies had given the anti-Bolshevik governments financial support and assistance. Military and naval equipment was supplied by the allies, who were anxious to keep the rich territories of Russia in the past who had intended to fall upon the British and French.

The Bolshevik machinery in Russia was ruthless and brutal, but there was no doubt about its efficiency and it was the only machinery there. Everywhere in the past who had intended to fall upon the British and French.

## Demobilization of Medical Units

They Will Accompany Units To Which They Are Attached

Ottawa. — The policy to be carried out in the demobilization of the medical services of the Canadian expeditionary force overseas is outlined in a cable transmitted by the department of militia to the director of medical services.

The cable states that medical units will accompany the divisions of the C.E.F. to which they are attached, in conformity with the general policy of demobilization. In addition to the regular divisional medical unit, each division will be accompanied by one general hospital, one stationary hospital and one casualty clearing station.

The general policy to be adopted towards the latter units is that they shall be evacuated from France in order of seniority; therefore, with the 3rd Division, which will be the first to leave the corps, will be No. 1 General Hospital and No. 1 Casualty Clearing Station. The question as to which stationary hospital will be the first returned is, however, still under discussion. No. 8 General Hospital in Paris, is now being brought to England, and No. 6 General Hospital, also in Paris, will follow at the end of April.

In view of the fact that the troops from France will be returned to their own hospitals, particularly the hospitals in England will be run at full strength to cope with any possible emergencies, according to the director of medical services. The closing of the various hospitals will be regulated by the number of troops to pass through the hospitals and the general health conditions.

On Oct. 1 there were over 37,000 medical men in England and 10,000 in France. Since then, over 10,000 a month have been discharged from duty or have been returned to Canada.

## Kaiser Confers With Supporters

Object of Meetings Cannot Be Ascertained

Amsterdam, Holland. — There have been various indications during the last week that Count Holtenolte, the former German emperor, is maintaining communication with his former supporters.

Two secretaries of the German legation at the Hague, Koester and Schellke, visited the castle of Ammerongen and stayed overnight, having a long conference with Count Holtenolte and Hans von Count, the former emperor's private secretary. The sole remaining high functionary of the old imperial court. He remains faithful to the former emperor. Baroness von Reuss, the English wife of the German minister to Holland, is still at the castle.

The object of these meetings cannot be ascertained. Further departures of the former emperor's domestics occurred during the last week. Count Holtenolte, however, is still in place by new arrivals from Berlin. The German government has been notified at all state servants in attendance on the emperor and his wife that they must place themselves at the disposal of the government. In this respect, the emperor's pensioners. Countess Keller still remains with the former emperor.

## Developments in Irish Situation

Proposals for Radical Change in System of Government

London. — Dramatic developments are impending in the situation in Ireland. The Daily Express is the first to understand that Lord French, viceroy of Ireland, has come to London to place before Prime Minister Lloyd George tentative proposals for a radical change in the existing system of Irish government.

The proposals are supported by Ian MacPherson, the new chief secretary for Ireland and have been approved by the section of unionists. The striking feature of the scheme is that it deals with Ireland as a whole.

Thus far Lord French's reconciliation proposals have not met with the approval of all sections in the government. He has been trying for two months to obtain the release of the Sinn Féin prisoners but without success.

Bolsheviks Got Stores  
Washington. — Large stores of food, coal, munitions and other supplies have been obtained by the Bolshevik forces along the Dvina river, advices to the state department said. The denials that did not make clear whether the stores were captured by the Soviet troops or were abandoned by the Czech-Slovak and loyal Russian forces.

## British Trade Union Denounces Strikers

### Claims of Belgium

Paris. — The Belgian claims as placed before the supreme council included a demand for the return to Belgium of some territory held by the Dutch. The German districts demanded are Monsiepe and Malmedy, just east of the present Belgian-German border. The population of these districts is mainly Walloon and their possession by Belgium, it was pointed out, would deprive Germany of an outlet for a new invasion of Belgium.

### Australia Will Assist Farmers

Guarantee Ninety-seven Cents Per Bushel for Wheat

Ottawa. — Some interesting particulars of the steps taken by the government of the Australian commonwealth to assist the wheat growers of the island continent are contained in a report to the department of agriculture and commerce from P. D. Ross, Canadian trade commissioner at Melbourne. He states that, independent of earlier guarantees, owing to the federal government not having reached a decision in the matter the commonwealth government has decided to make advances of 97 cents per bushel to farmers on the 1918-19 crop of recognized quality. This guarantee immediately relieved the state government of its liability in making advances to farmers.

The advance will involve a payment by the government of over six million dollars in addition to railway freight and all expenses in handling.

An estimate made by the Australian wheat board puts the available supply in Australia at 156,266,000 bushels.

### Wheat Price Winners

Saskatoon, Sask. — W. J. Matheson won the first prize for Marquis wheat standing field crop competition at the provincial seed fair exhibition, which opened at Saskatoon recently. His exhibit was also awarded the first prize in the Marquis wheat open competition.

## Make Germany Realize We Are Their Conquerors

Paris. — The German authorities have been asked to furnish information confirming the amount of the war material, cannon, airplanes and other equipment, which they have set up in the recent sessions of the war council, when the extent of this material was advanced as a reason for making effective measures against the renewal of warlike activity.

Before determining on any such request, it was considered desirable to request information, both as a means of dealing with the subject, and as a test of the good faith of the enemy in disclosing the status of his military equipment.

Although no official communication was issued after the meeting of the supreme war council, the Havas Agency understands that the council decided first to place Germany in a similar situation where it would be impossible to recommence hostilities.

London. — "Unauthorized strikes cannot, and must not, be tolerated under any circumstances," is the declaration of the parliamentary committee of the trade union congress in a manifesto dealing with the recent Clyde anti-aircraft strikers and addressed to all affiliated societies in Great Britain.

The committee dwells on the irregularity and defiance of agreement involved in these strikes and insists that it is the bounden duty of the minority to abide loyally by the decision of the majority in such cases. "It is the duty of all who desire the trade union movement to be strengthened to see that a union's action be governed in regular accordance with its constitution and rules. The movement is to progress and prosper it is essential that strict discipline within the membership be maintained and where necessary the most effective disciplinary government must be assisted by the executive insisting that their decisions be carried out faithfully."

## Canadian Troops Are Well Housed

Chief Complaint Is Infrequency of Mail Service

Vladivostok. — Reports published in Amursia of alleged hardships undergone by the allied troops in Siberia this winter are absolutely untrue, according to a thorough investigation conducted by the Canadian Press.

Canadian troops held in Vladivostok pending a decision on the manner of their return toward Russia are well housed in comfortable barracks, and the weather on the Siberian coast is milder than in eastern Canada.

The British units at Omak suffered from the severe cold, but the Canadian troops are well housed in comfortable barracks, and the weather on the Siberian coast is milder than in eastern Canada.

Canada has learned the lesson that mixed farming is permanent farming and that without plenty of live stock a farm gets poorer every year.

## Masquerade Ball a Huge Success

The L.O.O.F. had a very gala appearance last Friday night when the many "Masqueraders" were moving about. The costumes were many and varied and there were many pretty, also, many unique ones. Ladies first and second prizes were won by Mrs. H. Stone and Mrs. H. B. Beattie, respectively, while Mrs. E. Wilmut won the comic prize. The gentlemen's 1st and 2nd prizes were won by Mr. Coleman of Burdett and Mr. Piceman, while the comic prize was won by Mr. Ed. Rennie. The Judges were Mr. Henderson, Mrs. E. B. Thompson and Mr. and Mrs. Paul Bishoping. The music was furnished by the Medicine Hat Orchestra and was enjoyed by all the dancers. Luncheon was served about midnight. The ball was a financial success, the net proceeds of the affair being over \$100.

## Local and General.

The many friends of Claude Janule will be pleased to know that he is improving.

The Women's Institute met in the Red Room on Saturday afternoon, last. In the absence of President Mrs. Taylor, the Vice-President Mrs. I. D. James took charge of the meeting. The routine work was gone through after which Madeline Whitefield and Thomas gave some good pointers on feeling and saving for home, so that they would lay during the winter. The business part of the meeting over, we had a short program. Recitations were given by Frances McIlroy, Adelle Stuart and Harry Rolfe, while Connie Dunning gave an exhibition in club-swinging. Then lunch was served by some of the ladies, after which the ladies dispersed, all declaring it one of the best meetings yet held. Mrs. A. D. Rolfe is the delegate to represent our Institute at the convention in Calgary next month. Mrs. E. C. Ludlake also attended the convention at conference of this constituency.

Owing to a shortage upon our space last week the Review was unable to insert particulars of the Boy Scout meeting held in the Oddfellows hall the previous week. Mr. Davidson of Medicine Hat gave a very interesting address regarding boy scout work, and when he had finished a capable organization was formed to take up in a definite form, further work in connection. R. S. Beattie, vice-president, C. H. Bell, secretary. The executive consist of Messrs. W. J. Oliver, E. J. Still, T. R. Blaine, Dr. Paterson, A. F. Werts, F. Moore, F. A. Nevers, J. Phillips, F. Grund and E. E. Thompson.

The U.F.W.A. held their regular meeting on Saturday night. The Acting President, Mrs. Mendel, read a short article on "husbandness", written by Mrs. Purby, and she also spoke for a few minutes on "Franchise for

Women". Mrs. Fred Henderson gave a short report of the U.F.W.A. convention at Edmonton.

The Anglican Ladies Aid met with Mrs. Hushworth last Thursday.

## A Last Word.

The Municipal Hall Insurance Act to be voted upon by the electors on February 27th, was prepared by a Committee of farmers presenting the official Insurance District and the United Farmers of Alberta. The Committee took advice and assistance from wherever it could be obtained and they believe the Act provides the very best plan of Hall Insurance that has been offered to the farmers of Alberta. It has been enthusiastically and almost unanimously approved by the Annual Convention of the U.F.A. held in Edmonton last month, and by the Municipal Convention held in Calgary during this month, and deserves the careful consideration of every farmer.

The Act provides that the plan must be supported by the electors of at least forty-five Municipal Districts before it becomes operative. This means that the Hall Insurance District will be big enough and strong enough to be absolutely safe and sound.

By this plan all crops of grain, unless withdrawn from the operation of the Act, are automatically insured for \$8.00 per acre. Any farmer who wishes, may, on or before June 15th, reduce the insurance to \$6.00 per acre or he may insure part of his crop at \$8.00, part at \$6.00 and withdraw part of it, or he may withdraw all his land entirely from the operation of the Act and carry no insurance. In this case he will, of course, have no premium to pay and will have nothing whatever to do with the plan until he applies to be insured, which he may do at any time.

The Act provides that adjustments of losses must be made promptly and awards must be paid within thirty days of the date of adjustment. The premiums will be levied only on the crops actually insured. They will be paid by the Board in the Fall and will be high enough to pay all the losses in full, all the expenses of administration and to provide for a small surplus. This surplus will be built up gradually until there is enough to carry on the business for one year.

Now as to the cost. The experience of the old Hall Insurance District shows that this plan of insurance was carried on during the last five years at an average cost of 3.25 per cent. Under the proposed new plan, the Hall Insurance District will be much larger and even better results should be obtained. An average cost of 2.25 per cent means that insurance of \$6.00 per acre would cost 14 cents per acre

of crop insured. The proposed plan, therefore, appears to be perfectly safe and sound. It has practically all the good features of any plan of insurance and at a much less cost and easier terms of payment of premium than is obtainable under any other plan. As such it is recommended to your serious consideration.
